## AN-ACC

AN-ACC (Australian National Aged Care Classification) funds the care that your team delivers, so you need to optimise that funding. With our support you can develop robust AN-ACC management processes, eliminating the financial and resident-care consequences of inaccurate AN-ACC classifications.

Our specialist team will work collaboratively with your staff. On achieving reclassifications, we have seen significant uplifts per resident, per day.

### We help you optimise care funding through:

---

Analysis of your AN-ACC funding.

---

Onsite assessments of AN-ACC health checks.

---

Ongoing AN-ACC monitoring and resource support.

---
