

Corporate Governance

The demands of governance have never been greater. Pride Aged Living introduce the professional support and guidance your governing bodies need to meet high standards and ensure the sustainability of your organisation.

We provide board briefings, resources and tools to help volunteer boards and directors govern with confidence, vision, accountability and transparency.

Our board briefings cover operational performance, clinical and quality performance, capital projects and strategy, and corporate governance. We help you avoid failure in a changing governance landscape while meeting legislative and regulatory standards.

With our assistance, you will strengthen your governance by:

Reviewing your board processes and key policies.

Identifying opportunities for enhanced governance.

Developing solutions to identified gaps in governance.

Educating boards on governing body requirements under relevant legislation.

Take pride in your success
